

# 'Let's Learn'

We have been learning about:

w/c 13.5.19

This week we have been very busy planting seeds for our garden area to pick for our snack hopefully. We have planted cucumber seeds, tomato seeds and pepper seeds. We also had fun experience playing ultimate Frisbee on the school field on Friday morning, just a shame it rained but we still had a good time. Lots of us have been letter stamping with paint and we know lots of the sounds now. We have also been forming our numbers and shapes in green coloured sand in the indoor tuff spot, learning to do 45 piece jigsaw puzzles, taking turns to play the ladybird game etc.

**Reminder- Ash End Farm Trip. All children will need a healthy packed lunch and drink in a named carrier bag and appropriate clothing for the weather.**

**Please can you provide us with a family photograph for our jigsaw topic this half term.**

Thank you for all your support

Mrs Whittick and the Nursery Team
