

'Let's Learn'

We have been learning about:

w/c 29.4.19

We hope you all had a lovely Easter break. We have had lots of new children start at Leo's Nursery. We would like to welcome Zac, Ollie, Leo, Laura, Bay and Soren to our class. They have all enjoyed their first week and everyone has been so kind in helping them settle in. This week we have been to the conservation area on Wednesday morning and Thursday afternoon. The children have been exploring the mud kitchen which we have resourced with an old microwave, pots, pans, utensils. We worked together to make a seating area out of old pallets and some logs. Other activities at Nursery this week have included large floor puzzles, playdough, collaging, compare bear sorting, drawing, sand play, bikes and cars and lots more.

Dates for the dairy
