

'Let's Learn'

We have been learning about:

w/c 6.5.19

This week on Wednesday morning we had a special visitor in Nursery and Reception. Doctor Dave came to talk to us about being healthy. He spoke to us about eating healthy foods, brushing our teeth, washing our hands, exercising and having a good night's sleep. He also brought his stethoscope in to let the children listen to their own heart beats. We did some running and exercising to make our hearts beat faster which was good fun. The children really enjoyed this experience and we would like to ask any parents or family members who would like to come in and talk to the group about their jobs that maybe appropriate for nursery children such as nurses, police force, fire service etc.

Award of the week goes to all the new children for settling in so well. Well done Leo, Zac, Ollie, Soren, Bay and Laura.

Leo the lion- We have forgotten whose house Leo the class teddy went to over the Easter break. Please can you return him with his bag ready for the next child and visit if you have him. Thanks

Please can you provide us with a family photograph for our jigsaw topic this half term.

Thank you for all your support

Mrs Whittick and the Nursery Team
