

'Let's Learn'

We have been learning about:

15.06.18

We have had a busy, but productive week!

Our friends have worked so hard on their challenges and continue to make wonderful progress. We have found many ladybird larvae in our garden and so have been talking about the life cycle of a ladybird and how to care for the insects, which visit our garden and how to care for them so that they can contribute to our foods growth.

We have also returned to our 3D shapes, naming and discussing their properties. Please do take time to talk to your child at home about their learning from this week.

This week we have been revisiting ir, ur and er, using them in our words and sentences and trying to work out when we might use them. This is tricky! We have agreed that often, ur and ir will occur in the middle of a word and that er, will be found at the end of a word.

We began a new story about "Jack and the Beanstalk" this week. Talk to your child about the events of the story and how they feel about what happens.

Dates for your diary

Parents Evening - Monday 9th July

End of Term - Friday 20th July

Have a lovely weekend everyone!

Please do come and talk to us if you need any further information or help.

Mr Gregory and Miss Garner
