

'Let's Learn'

We have been learning about:

w/c 5.11.18

We hope everybody had a nice half term last week. We heard all about Halloween and firework displays you have been to as families. This week we have been using a lot of paint, chalk and glitter to create our very own firework pictures on black paper. They look really effective and have gone into your child folders. Our treasured text this week is 'The Smartest Giant in Town' which has been a big hit and a lot of the children now join in with the repeated refrain. Every Tuesday we have a P.E student to work with the children in the hall on various skills such as balancing, ball skills, team games etc. **Please send your child into nursery wearing trainers on TUESDAYS.** We have produced some beautiful poppies with paint, tissue and glue which are all up on display by the door. Please talk to your child over the weekend about Remembrance Day and maybe they could wear a poppy themselves. We held a minutes silence on Friday which all of nursery joined in and completed. Well Done Nursery!
