

Lines of Development

11th February - 15th February

We looked at the artist Van Gogh, considering what he painted and how. We found he used the pointillist style. **How can we use the style of an artist as a provocation for our own art?**

We used different art mediums including paint, collage, chalk and natural materials, to create art of our own.

We explored different plants and flowers that we might find locally and named them, including daffodils, hyacinths, crocuses, poppies, primroses, bluebells, fox gloves and dog roses. We also looked at mint and basil, felt, smelt and tasted them. **Can we identify and name specific plants and flowers?**
