

Lines of Development

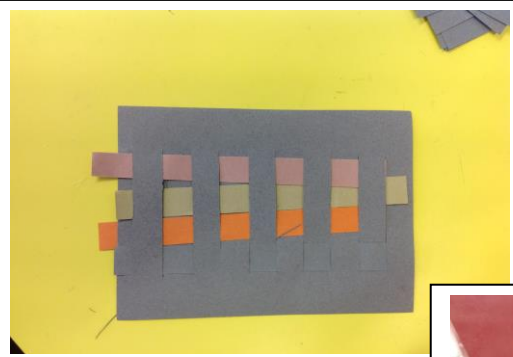

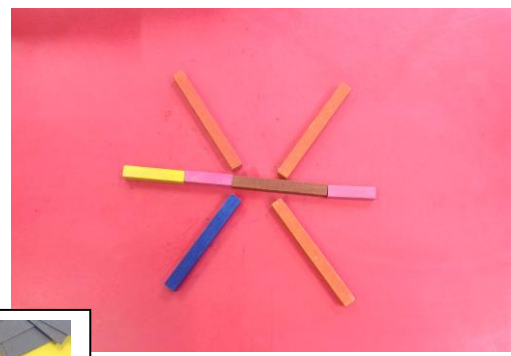

21st - 25th January

Block explorations led us to begin to think about patterns we might see around us and how we can create some of our own? We began to think about repeating patterns and symmetry.

What is a repeating pattern and are there rules we should follow?

We began to think about creating constructive patterns and patterns with colour in our small blocks and weaving.

We also thought about following patterns that already exist.

Can we stick to a given pattern and use these to create extensions of our own?
