

'Let's Learn'

We have been learning about:

w/c 25.2.19

We hope everybody had a nice half term and enjoyed the lovely weather. This week we have seen some wonderful construction block work in nursery with the added natural object stall. The children have also been busy collaging their own drawings such as dinosaurs, planets, animals, flowers etc. We have been working hard on taking turns and sharing the resources by playing board games. Nursery are very excited about the work on the playgrounds and this week they have had chance to explore all the new equipment on both playgrounds. We have been singing and acting on the stage and we love the new road and games. Please keep a close eye on your child when they using tablets or any technology device. An email has been sent out to parents about this. **New words to learn- by, over, inside, out, through, off, to, under, over.**

Our parent book time session will change as of next week to the end of the session on a Thursday. You can come into read with your child at 11.20am/2.50pm.

Class award of the week- Natan has won the award for being so keen to learn and trying hard with his phonics.

Leo the Lion has gone home with Harper this week.

Thank you for all your support

Mrs Whittick and the Nursery Team
