

# 'Let's Learn'

We have been learning about:

18.05.18

What a wonderful week!

This week we began to explore mammals. We had a very special visit from a sheep, which started us thinking about the characteristics of mammals. We were all surprised to learn that we are also mammals!

Please take some time to discuss this with your child at home.

This week we completed an important milestone in our year. Every year at this time Reception children plant bean seeds in the garden, which will grow in preparation for harvest in the autumn. This is a living legacy, which your children will leave for the next year group, so that they can follow in the footsteps of those wonderful children who have gone before them.

Each child will also care for a bean plant of their own as it grows across the summer, before bringing it home to you.

This week we returned to look at the /e/ sound family, creating lists of rhyming strings for each phoneme and then writing silly sentence.

We have also been working hard with our challenges and writing about one of our favourite things - cake baking!

## Dates for your diary

Understanding the World Parents Morning - Friday  
25<sup>th</sup> May 9am - 10am (This will be held in our outdoor  
and conservation areas)

Whitsun half term break begins - 25<sup>th</sup> May

Maths workshop - 5<sup>th</sup> June at 6PM

Have a lovely weekend everyone.

Please do come and talk to us if you have any  
queries.

Mr Gregory and Miss Favager
