

'Let's Learn'

We have been learning about:

w/c 3.6.19

For World Ocean Week and World environmental day on Tuesday we have been learning all about how to look after our planet. We have been on a litter pick on the school grounds, we had an interesting assembly on Thursday from the bin collection company. We have also learnt about the names of lots of under the sea creatures and have been busy doing lots of activities linked with this such as making models of under the sea creatures from recycling, under the sea bingo, playdough with sea creature cutters, painting and stamping sea creatures. We have all made our very own rainbow fish from the story.

This week we have learnt three main words to help us protect our planet. We are hoping we can all do our own bit to help by remembering these three words

Thank you for all your support

Mrs Whittick and the Nursery Team

Dates to remember

Tuesday 11th and Thursday 13th June- Father's day lunch.

Wednesdays 12th, 19th, 26th June- Reception and Nursery transition visits.

Friday 21st June- PTFA coffee morning EYFS 9.15-9.45am, ALL WELCOME.
