

'Let's Learn'

We have been learning about:

w/c 21.09.20

At Nursery this week the children have produced some wonderful chalking pictures to go in their learning journey folders. We are encouraging the children to mark make and draw a picture daily as part of our writing project. The children are learning to be as independent as possible, hanging up their coats themselves, registering and using the bathroom correctly, we are very proud of everyone for trying so hard. We have played lots of listening games this week including different animal sounds to match to the correct animal picture, listening to different instruments, choosing which percussion instrument we like the best and having a go at playing it. Board games continue to be a big favourite, this week the children have learnt how to use and play the shopping game correctly.

Please make sure your child comes to Nursery with a suitable coat as the weather gets colder and wetter.

We have learnt a new song called 'Wash your dirty hands' to the tune of 'The Farmers in the den'

"We wash our dirty hands, we wash our dirty hands, rub and scrub and rub and scrub and wash your dirty hands'. REPEAT

Whilst doing the actions of washing hands.

Child of the week

Aurla is our child of the week. We are looking forward to receiving an email from Aurla's parents about something she would like to share with the group next week.

Thank you for all your support

Mrs Whittick and the Nursery Team
