

'Let's Learn'

We have been learning about:

w/c 23.9.19

This week the children have made us extremely proud and the ofsted visitors did not faze them at all. We have started to learn our phonics story which involves lots of vocal sounds and letters. We have been busy painting, using natural resources to sort, count and to make patterns and pictures with, drawing and writing our names and constructing. We visited the conservation area on Monday afternoon and Wednesday morning where we had a tick list of things to find. Other outdoor play has included learning parachute games, chalk mark making and water play. On Friday morning nursery attended the McMillan coffee morning in the hall, thank you to those parents who provided cakes and came to join us. As a school we raised over £180!

Birthdays

Please can we remind parents that we are not allowed to give out sweets when it's your child's birthday. Can we suggest a pack of stickers or some fruit (e.g strawberries or melon) to have at snack time.

Thank you for all your support

Mrs Whittick and the Nursery Team

Ivy has taken Leo home this week.

The award of the week goes to Marcus for a brilliant week at Nursery 😊.
