

'Let's Learn'

We have been learning about:

w/c 28.1.19

Our treasured text this week has been 'Owl Babies'. The children have enjoyed painting and drawing pictures from their favourite part of the story. We went into the conservation area on Wednesday morning and Friday morning where we had a go at building our own nest. This was great fun and the children thoroughly enjoyed themselves. After being out in the cold we had the choice of hot chocolate and marshmallows, milk or water with our healthy fruit snack. This week we have also been learning about the sense 'taste'. On Monday all the children tried some different foods such as a crisp, a piece of carrot, a slice of lemon and a chocolate button to compare and find out about different tastes and textures. Our Words to learn this week are

Circle, square, flat, cold, dry, loud/ly, soft/ly

If your child comes to nursery in wellies in the cold and wet weather please can we ask they have a pair of sensible shoes or trainers to change into. Please also make sure a pair of wellies are in nursery to wear outdoors.

If your child is in nappies can you please send wipes and nappy bags in their bag too.

Class award of the week- Arlo has won the award this week for his hard work and positive attitude towards his learning.

Leo the Lion has gone home with Mili and Lili this week.

Thank you for all your support

Mrs Whittick and the Nursery Team
