

From January 2019, we are going to trial an email service to help improve the communication between school and parents.

We will be using Teacher2Parents which is the same company we use for our text messaging service.

To help reduce our photocopying and paper costs, we will be emailing parents with letters that are sent home. We will still continue to put these on our website and you can always ask for a paper copy at the School Office.

To set this up, we need your email addresses. You can have 2 email addresses per child.

Could you please email [emarston@st-leonards-stafford.staffs.sch.uk](mailto:emarston@st-leonards-stafford.staffs.sch.uk) with the following information:

Name of Child

Name of Parent(s)

Email address(es)

Please put T2P Email in the subject line.

Thank you for your support.
