

Update 18/3/20

Dear Parents/Carers,

We will continue to keep you updated as quickly as possible. More information will be sent out tomorrow, following today's announcement. Please bear with us whilst we find some clarity regarding "key workers" and put the necessary measures in place.

Those of you that are already self-isolating do not need to ring school each day unless symptoms get worse. If you know your child is in a vulnerable group then please feel free to self-isolate them, there is no need to wait until Friday. Please follow the latest updated advice as always. These are extremely challenging times for everyone.

We wish all the best at this difficult time. Keep safe.

Many thanks for your continued support.

Helen Spearing
