

'Let's Learn'

We have been learning about:

27.9.19

This week we have continued to think about the weather - and what a mix there's been! Thank you to those children who brought in photographs of their weather gauges: we loved talking about them in class. We have also begun to explore seasonal change and consider the question 'what is autumn?' Together we began to consider what this will mean in the weeks to come and drew pictures of our predictions. **At home, you might continue to track the weather as it changes, making note and talking about the physical alterations in the world around you.**

Our visit from Ofsted has dominated much of our thinking for this week and we want to take a moment to celebrate the behaviour and learning of all our children, who were wonderful! They really did themselves proud!

In our reading we have been working hard to learn at sight and at speed the high frequency words we have sent home.

All our children are making good progress with these. Please do keep the momentum going, so that your child knows them really well. We aim to have them learned by heart by Christmas. This will give your child the best start to reading possible.

If you have any difficulties or would like some further support with learning these words, please do come and talk to us. We are always available to help.

Dates for your diary:

Parents Phonics Workshop - TBC

Harvest Festival - 3rd October

Diwali Day - 24th October

Thank you for your continued help and support. If there is anything you would like to discuss, please do come and see us. We have an open door policy and are available to talk before and after school, every day.

Mr Gregory, Miss Garner & Mrs Stanley
