

'Let's Learn'

We have been learning about:

w/c 02.05.22

At nursery this week our treasured text is 'Rainbow Fish'. We have all painted our own rainbow fish this week and have been learning about what lives in the sea. We are thinking about sharing and being kind to everyone. We are learning a dance for the queens Jubilee, information from the PTFA to follow. On Wednesday we had a lovely afternoon in the conservation area where we observed the growth and changes. The children all loved finding ladybirds and daisies.

Our trip to the library will hopefully be on Thursday next week. Please can the parents who have said they can help walk us there and back please confirm they are ok to come with us and be here for 9am. Many Thanks x

Reading books

If your child has come home with a reading book/ picture book this is for parents to read with, look at in detail and discuss with your child. Please model the sounds and noises that your child can spot in the pictures and ask your child to copy. Please try and do this daily and by the end of the week we would like the children to know the book so well that they can tell the story independently from the pictures. We will change and read in class with your child on Wednesdays and Thursdays. Please make sure your child has their book in their bag.

Child of the week

This week the award goes to Olivia Tipton for her wonderful drawings and involvement in more activities. Well Done Olivia.

Thank you for all your support

Mrs Whittick, Mrs Evans and Miss Stanley
