

'Let's Learn'

We have been learning about:

w/c 03.02.20

The treasured text for this week is called 'Owl babies'. We are going to be working with clay to make our own owl models. We will also produce some collage work using feathers and other materials to make owl pictures as well as learning lots of facts about owls and other woodland creatures that are nocturnal. Our sound of the week this week is 'n' and we are working hard to all write our names at the moment forming the letters correctly.

Dates for the diary
