

# 'Let's Learn'

We have been learning about:

w/c 9.9.19

The new children are continuing to learn the routine and expectations in nursery. We are very proud of everyone as we have had a very happy week with very few tears. This week the children have been painting, working with playdough, constructing with sticklebricks, completing inset puzzles, drawing, role playing with the kitchen and discovering new resources in the math's area. Thank you to all the parents for sending in photographs of their summer holidays. We have made a display with these and the children have been able to talk about their pictures in front of the group. On Wednesday afternoon the children went to the conservation area where they found lots of insects and noticed lots of things in the environment.

## Parent reading session

We would like to invite one parent a week into Nursery to be the 'surprise reader' of the week to read a story to the group (at a time to suit you).

We would like all parents to take part in this, we will be sending out more details about this soon.

Thank you for all your support

Mrs Whittick and the Nursery Team

Jacob has taken Leo home this week.

The award of the week in PE has gone to Zac
