ridge

I'm grateful for.....

For hygiene which
our small fresh
overlays.

For democracy because
type would be so
unfair

For animals
So I can learn
from them.

For colors
for beauty.

For fun in life instead
of all stress and
anxiety.

my parents going to work
pulling food in the
fridge

For my sister
that puts a smile
on my
face.

For judges
for stress

A dog and my
hood where I
can sleep at
night

A voice because
I can share my
thoughts.

For memories that all remember
but in old.

For the things I do each day
so I can spend another day.

For the things I do each day
so I can spend another day.
